Campaign Period

2008

2008

Nov. 3rd ~ Dec. 15

※Campaign item is offered if you purchase and install Exchange Server System during the campaign period based on the numbers of licenses installed.

※Existing customers of a previous version of Exchange Server are also welcome for this campaign.

Exchange Server 2007 best fits customers such as...

- Access new email, corporate email, calendars, contacts with a web browser or a mobile device.
- Share calendars to set up meetings more efficiently.
- Share internal contact information company-wide.
- Centralize management for employee email on a single server.

Plus! Calsoft can offer you....

- Backup web email service during unexpected server down time.※
- Powerful spam mail protection and email archiving system.
- Disaster Recovery system for data and system continuity.

※Additional Calsoft backup service is required.
